

STUDY ABROAD 2025

ROME

Engineering Mechanics I: Statics

EM 2413 • June 30 - August 1, 2025 • Program cost: \$4,599

Experience Engineering Mechanics in Rome! Immerse yourself in a one-of-a-kind adventure this summer as you join fellow MSU engineering students in Italy. Discover how the principles of engineering mechanics come alive in ancient Roman architecture and cutting-edge modern constructions. Explore iconic sites, visit the ruins of Pompeii, and conquer the majestic Mount Vesuvius. After soaking in Rome's rich history, unwind in Florence, a city bursting with art and culture. Crave more adventure? Extend your journey for a few days of independent travel. Don't miss this chance to blend education with exploration in one of the world's most inspiring cities!

- Open to all engineering students.
- Non-engineering students can apply with instructor's consent.
- Course is taught in English by MSU faculty.
- Prereqs: C or better in MA 1723 and PH 2213.
- Out-of-state students pay in-state tuition.
- Program cost includes lodging, application fees, health insurance, group tours, admission fees, and some other activities, including a weekend trip to Florence.
- Tuition, travel to/from Italy, any personal travel, local transportation and most meals are not included.
- This course satisfies the Overseas requirement for the Global Engineering Leadership (GENL) minor.
